GOLD AND SILVER WATCHES

While the weather was cool and the cows not in pasture, they were fed a large portion of the waste milk with mixed feed, but finding that they did not relish it in warm weather and while in pasture, I bought, about May lst, eight two months old pigs—a cross of Chester Whites. These were not enough to consume all the waste milk, and about July 1st I bought four more, the matural way as fast as it is need-the matural way as fast as it is need-
